UPI Fraud in India

UPI fraud is a type of cybercrime where attackers trick users into sending money or revealing sensitive details like OTP or PIN through fake calls, links, or payment requests.

- How this scam works

1. Victim receives a call/message pretending to be from bank or support
2. Scammer sends a fake payment request or link
3. Victim enters UPI PIN or clicks link
4. Money gets transferred instantly

- Who is targeted
- Students
- Elderly people
- New digital users
- People unfamiliar with UPI safety

- Consequences
- Financial loss
- Data theft
- Mental stress
- Loss of trust in digital systems

- Prevention
- Never share OTP or UPI PIN
- Do not approve unknown payment requests
- Verify sender details carefully
- Use official apps only
- Enable app lock and notifications
- Avoid public WiFi for transactions
- Do not click unknown links
- Report fraud immediately
